ESTIMATE YOUR GIVING

- 1** Find your household income at the left of the chart.*
- 2** Move across the same line to find your current weekly gift - or for new givers, the amount with which you would like to start.
- 3** Move straight up the chart to find what percentage of your income your current giving represents.
- 4** Please consider taking a step by pledging up a level. For example: if you presently give 2% to the parish, consider pledging 2.5% or 3% now.
